Dear Sharon Holder,

I would like to "Thank-You" for listing my home earlier this year in West Sacramento, Ca. You proved that you are very knowledgeable in your field of Real Estate. For example, when you said that the house will sell for a certain dollar amount, and I was not convince of it. Well, it came in at the amount you quoted!

Your P's & Q's played a very important part in the sale of my home.

- 1) Your "Patience" with me
- 2) Directing my "Path" along the way
- 3) Compromising your "Principles"
- 4) "Perservences" to get me to the finish line

- 1) "Quick" sale
- 2) Your commitment to "Quality" work is fantastic
- 3) "Quote" was spot-on
- 4) Never "Quit"

You are #1 in my book, not just an "agent" but, a friend. No matter what Time, what Day, or what was on your schedule? you always made the time for me.

Once the house "sold" you called to see if I needed anything or needed help understanding the process.

I will never forget, two days before my move into my new home and new State, you arrived with a beautiful bag of goodies, for my long travel.

You have become a welcome friend Thank you so very much!
